# REGISTRATION INSTRUCTIONS

In fall 1979, major revisions were made to registration procedures. Revised procedures now allow most students to complete their registration and make tuition and fee payments by mail and provide improved service to students having registration problems.

## DON'T CAUSE PROBLEMS FOR YOURSELF: AVOID THESE REGISTRATION ERRORS

1. LOSS OF REGISTRATION-BY-MAIL PRIVILEGES occur when you don't advance enroll or when you fail to meet an obligation resulting in a registration encumbrance. Encumbering offices will notify you before imposing the encumbrance; promptly fulfill the obligation. Once encumbered, you must attend on-campus registration.
2. LOSS OF ADVANCE ENROLLMENT OR ON-CAMPUS CLASS SCHEDULE will occur if you do not return a registration document. If you receive a document by mail, you may return it by mail or at on-campus registration. If you do not receive a document by mail, you must obtain and submit an on-campus registration document. *TO PRESERVE YOUR SCHEDULE OF CLASSES, YOU MUST RETURN A DOCUMENT PRIOR TO THE CLOSE OF ON-CAMPUS REGISTRATION.* You may assure that your document is received by returning the postcard enclosed with your registration-by-mail document; the postcard will be returned to you on receipt of your document.
3. LOSS OF STUDENT PRIVILEGES AND ACADEMIC CREDIT FOR THE SEMESTER will result from failure to obtain and return a post-registration statement of charges and financial aid with required payment. Statements are sent to local addresses; students not receiving statements by mail must obtain duplicates from the post-registration service center in the Illini Union. *ALL STUDENTS SUBMITTING REGISTRATION DOCUMENTS THROUGH THE END OF THE FIRST WEEK OF INSTRUCTION MUST RETURN STATEMENTS AND PAYMENTS BY FEBRUARY 1.*

THESE STEPS ARE REQUIRED OF ALL STUDENTS. IF YOU BELIEVE YOU SHOULD BE EXEMPTED FROM ONE OF THESE REQUIREMENTS, YOU MUST OBTAIN APPROVAL FROM THE REGISTRAR (333-0210) FOR ITEMS 1 AND 2, AND SUPERVISOR OF COLLECTIONS (333-2180) FOR ITEM 3.

## OVERVIEW OF REVISED REGISTRATION

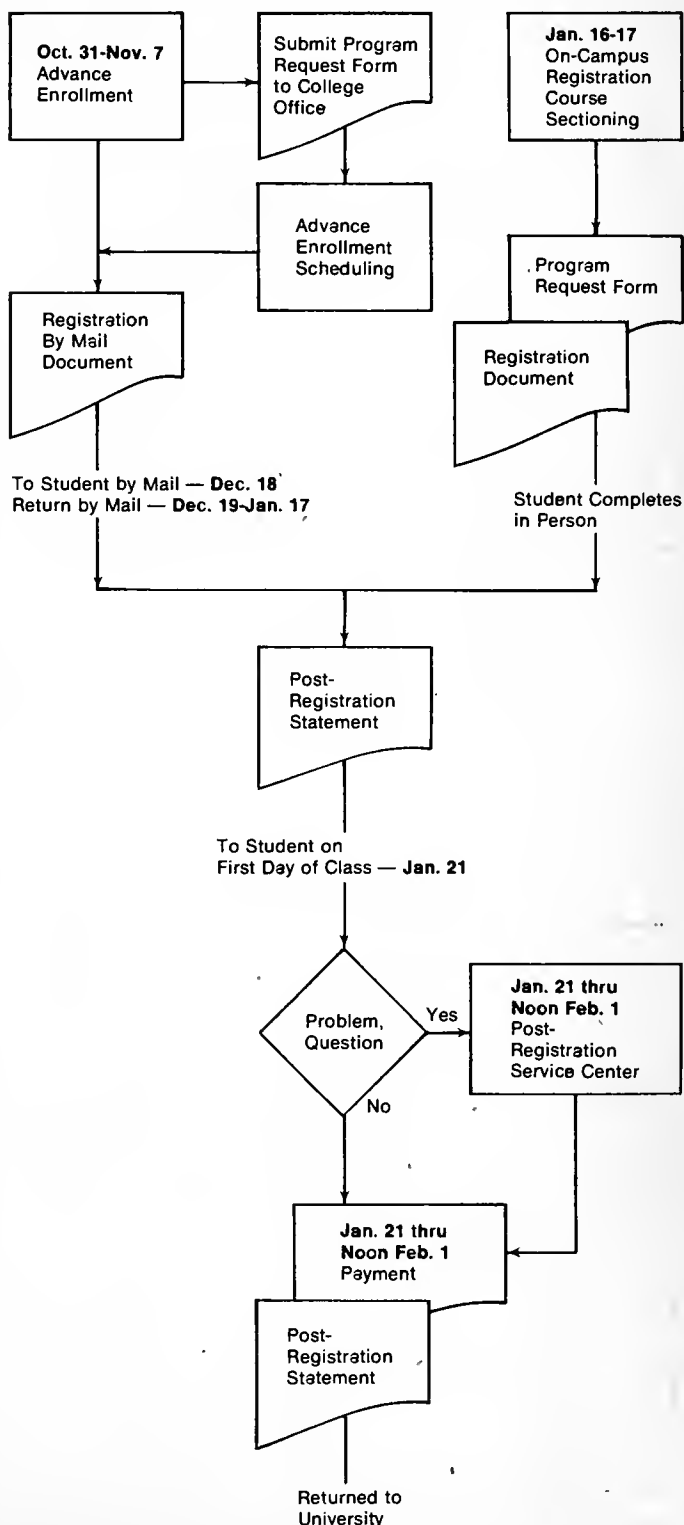

### Course Selection

A primary function of registration is the selection of courses for the term. Course selection remains essentially unchanged under revised registration procedures and may be done either during the advance enrollment period or at on-campus registration. The advantages of completing this step during the advance enrollment period are both

convenience and a higher probability of getting the courses you want; additionally, *only advance enrolled students may register by mail.*

### Initial Registration Activities

As part of registration, the University must obtain up-to-date address and other information from you. Since tuition and fee charges will be collected after classes begin, it is

also necessary for you to sign and return a registration agreement which obligates you to pay all tuition, fees, housing, and other charges incurred by your registration. If you advance enroll and are not encumbered, you may complete this portion of registration by mail. If you do not advance enroll or are encumbered you must attend on-campus (Armory) registration to sign the required registration agreement.

## Completion of Registration

Previously you were required to pay the total or first installment of tuition and fees prior to completing registration in the Armory. Now you have the opportunity to make your payment by mail, regardless of whether you completed the initial portion of registration by mail or at on-campus registration. During the first week of class, you will receive at your local address a statement of tuition, fees, and other charges and an itemization of any University-administered financial aid and University employment benefits which offset those charges. You complete your registration by returning this statement with required payment by the due date. Students with questions or problems can discuss them with University staff at the Post-Registration Service Center which will be in operation during the first two weeks of instruction in rooms B and C of the Illini Union. A graphic version of this description is shown in the flowchart on page 3.

## DETAILED REGISTRATION INSTRUCTIONS

You must complete three major functions in order to be registered:

- Select your courses
- Complete a Registration Document
- Return your Post-Registration Statement with payment by the due date.

Course selection may be completed in one of two ways — by advance enrolling (described below) or by attending on-campus registration (described in section III).

# I. ADVANCE ENROLLMENT

Advance enrollment is a process whereby students request courses and sections in which they wish to enroll, and academic departments, within the limitations of instructional resources, attempt to accommodate student requests. This process begins by each qualified student completing a Program Request Form.

## A. STUDENTS WHO MAY ADVANCE ENROLL

Currently enrolled student in degree programs (See section B.1 below)

Advance enrollment is not mandatory; however, if you are eligible to advance enroll, you are encouraged to do so to improve your chances of obtaining your desired class schedule, and allow you to register by mail.

## STUDENTS WHO MAY NOT ADVANCE ENROLL

- New and readmitted students (Information describing your initial registration will be included with your notice of admission)
- Undergraduate students graduating in January 1980 who are not approved to pursue a graduate, professional, or a second baccalaureate degree
- Part-time, nondegree students (See section B.3 below)

## B. HOW TO COMPLETE ADVANCE ENROLLMENT

### 1. Continuing students

If you are a continuing student, you will receive during the last week of October, a Mid-Semester Study List Form to allow you to indicate where you wish to have registration by mail materials sent. If you are an undergraduate or professional student, you will receive your form by mail; if you are a graduate student, you should obtain your form from your department office. If you are currently enrolled in a UIUC college other than the Graduate College, and have been approved for admission to the Graduate College for the spring 1980 semester, *you must obtain advising and submit your Program Request Forms through your graduate department, not the college in which you are currently enrolled.*

Follow instructions on the Mid-Semester Study List to report discrepancies in your fall course enrollment to your college or department office. If you want to receive registration by mail materials for spring 1980 at an address different from your home address, follow instructions on the Address Collection Form (page 2 of the form) to indicate the address to which you want your Registration Document sent in December. If you will not be at any of your current addresses in December, you have the option of providing an alternate address to be used specifically for the receipt of your registration-by-mail materials. The Program Request Form, obtained from your college, department, or adviser, is used to record your request for courses and sections and should be completed in consultation with your adviser. If you are enrolled in a college which allows self-advising, you should submit the form in accordance with instruc-

tions provided by your college. Instructions are included on the back of the Program Request Form to aid you in its completion. *Correct completion of the Program Request Form is essential for your advance enrollment and registration by mail. READ THE INSTRUCTIONS CAREFULLY.*

A Program Worksheet is included on page 2 of this *Timetable* to allow you to work out a draft schedule before entering it on the Program Request Form. It is recommended that you keep your Program Worksheet for future reference.

### 2. Part-time, nondegree students

If you are a part-time, nondegree student, you may not advance enroll or attend on-campus registration, but must complete your registration following the third day of instruction. The \$15 late registration fine will not apply to nondegree undergraduate students who register on the fourth or fifth days of instruction; it will not apply to nondegree graduate or professional students who register between the fourth and tenth day of instruction.

Each undergraduate and professional nondegree student should go first to his or her college office of enrollment to obtain preliminary registration materials. Graduate nondegree students should obtain their preliminary registration materials from their adviser or major department of enrollment and bring them to 321 Administration Building to be checked. All students must then bring their registration forms to the Post-Registration Service Center, Illini Union, rooms B and C to complete the registration process. (See section VII. B of these instructions.)

### 3. Non-advance-enrolled students

Students who do not advance enroll must complete course selection at on-campus registration, described in section III. C.

# II. REGISTRATION BY MAIL

New procedures allow you to complete by mail the preliminary part of your registration, *if you advance enrolled and are not encumbered.*

## A. ADVANCE-ENROLLED, NONENCUMBERED STUDENTS

If you advance enroll and are not encumbered, you will receive a registration-by-mail document about the third week of December at the address you indicated on your Address Collection Form. Included on the registration document are your advance enrollment schedule of classes, and current address information, which you should review and correct. *Since the Post-Registration Statement of charges and financial aid will be mailed to your local address, it is essential that this address be correct. This statement allows you to complete your registration and contains a validation label for your permanent ID card. YOU MAY ALSO ARRANGE TO PICK UP YOUR STATEMENT AT THE POST-REGISTRATION SERVICE CENTER (DESCRIBED BELOW) BY MARKING THE APPROPRIATE SPACE ON THE REGISTRATION DOCUMENT.*

Also included on the Registration Document is a registration agreement which you must sign; your

signature constitutes agreement to pay all registration charges (or the first installment amount) by the due date — February 1. Receipt of the signed document by the University before the end of on-campus registration enrolls you in the courses listed on your advance enrollment schedule, subject to the policy on course enrollment stated in the *Code on Campus Affairs and Regulations Applying to All Students*. Although you have not yet completed your registration by paying your tuition and fee charges, you will be entitled to most services and benefits available to fully registered students beginning with the first day of classes.

With the document you will receive a summary of the campus billing and refund policy, tuition and fee schedule, student budget, directory of student services, and two postcards. One of the postcards can be used to cancel your registration. The other, if self-addressed and stamped, will be used by the University to acknowledge receipt of your document. Included on the back of the instruction portion of the document is a financial planning form. *While you are not being billed for registration charges at this point*, you may wish to estimate their amount by completing the planning form with information from the tuition and fee schedule and other known information. The planning form should not be returned with your document, but should be kept for your future reference.

**SIGN YOUR REGISTRATION DOCUMENT AND RETURN IT IN THE ENVELOPE PROVIDED.** If you do not need to make class schedule changes, the initial portion of your registration is now complete.

If the registration document is not received in the Office of Admissions and Records by the close of on-campus registration (Thursday, January 17, at 5:00 p.m.) enrollment in the courses shown on your advance enrollment schedule will be cancelled and you will be required to late register. Allow the U.S. Postal Service five days to deliver the mail.

#### B. ADVANCE-ENROLLED STUDENTS WHO NEED TO MAKE SCHEDULE CHANGES

If you need to make changes to your advance enrollment schedule, sign and return the registration document and attend on-campus registration according to the Alphabetical Order of Registration shown below. Since many class sections are filled during on-campus registration, it is in your best interest to make any required changes at this time. It is also more convenient to make these changes when department staff are available to assist you at a single location.

#### C. ADVANCE-ENROLLED, ENCUMBERED STUDENTS

If you advance enrolled but were encumbered by a campus office for failure to discharge some responsibility or obligation, *you may not register by mail*. You will receive an advance enrollment schedule with information about your encumbrance and will be required to attend on-campus registration. Report to the document distribution station in the Armory.

#### D. NON-ADVANCE-ENROLLED STUDENTS

If you did not advance enroll, you must complete the initial portion of your registration at on-campus registration as indicated below in section III.

### III. ON-CAMPUS REGISTRATION

You have the option of completing course selection and the initial portion of registration at on-campus registration in the Armory. On-campus registration will be held on January 16 and 17 according to the Alphabetical Order of Registration shown below. **NOTE THAT ON-CAMPUS REGISTRATION IS SCHEDULED FOR TWO DAYS ONLY. REGISTRATION WILL NOT BE HELD ON FRIDAY, JANUARY 18.**

## C. ACTIVITIES AT ON-CAMPUS REGISTRATION

With minor exceptions the on-campus registration operation is housed in the Armory, and includes two major activities — course sectioning and document completion.

### 1. Non-advance-enrolled students

If you are a non-advance-enrolled graduate student, you may obtain your Program Request Form and other registration materials before on-campus registration days at the office of your adviser, beginning January 9, 1980. You should go to the Armory at the time indicated in the Alphabetical Order of Registration shown above to complete your on-campus registration.

If you are a non-advance-enrolled undergraduate or professional student, you must go at the time indicated in the Alphabetical Order of Registration shown above and to the location indicated below to complete a Program Request Form and receive a Registration Document. The colleges provide instructions about meeting with advisers and completing on-campus registration. You should obtain registration materials from the following locations unless you receive special instructions:

AGRICULTURE, home economics, home economics education, interior design, and restaurant management .....	268 Bevier Hall
All other curricula .....	108 Mumford Hall
APPLIED LIFE STUDIES, all curricula .....	107 Huff Gymnasium
AVIATION, all curricula ...	Aviation Encumbrance Table, Armory

### 2. Non-advance-enrolled, encumbered students

*Undergraduate and professional students:* If you did not advance enroll and were encumbered, your college will give you a college authorization card in lieu of a Registration Document at the time indicated in the Alphabetical Order of Registration shown above. Go to your college location noted above at the time indicated in the Alphabetical Order of Registration and then to the south central door of the Armory. Take the authorization card to the document distribution station where you will be given an Encumbrance Clearance Form and

instructions for clearing the encumbrance. You must then return the clearance form to the encumbrance clearance station where staff will exchange it for your Registration Document.

*Graduate students:* You should go directly to the document distribution station in the Armory at the time indicated in the Alphabetical Order of Registration to obtain your Encumbrance Clearance Form.

### 3. Advance-enrolled, encumbered students

If you are notified on your advance enrollment schedule that your registration is being encumbered, you must go to the south central door of the Armory at the time specified in the Alphabetical Order of Registration given above and then to the document distribution station for instructions on clearing your encumbrance.

## D. ON-CAMPUS COURSE SECTIONING

To be admitted to the course sectioning area you will need either your advance enrollment schedule or your Registration Document, if you did not advance enroll. You can complete the following transactions in the sectioning area:

Course Transactions	Forms you will need
<i>Advance-enrolled Students</i>	
Program Change (add or drop)	Advance enrollment schedule Change of Program Form approved by your adviser (approval is not required for eligible students in colleges which permit self-advising)
Section Change	Advance enrollment schedule Completed Change of Section Form
<i>Non-advance-enrolled Students</i>	
Program Request	On-campus Registration Document Program Request Form approved by your adviser (approval is not required for eligible students in colleges, which permit self-advising)

Course transactions which have been approved by your adviser, if required, can be completed in the sectioning area by presenting the appropriate form to the representative of the department offering the course. If a space is available to you, that representative will enter the required approval on your Program Request, Change of Program, or Change of Section Forms.

During on-campus registration, students who submit Program Request, Change of Program, and/or Change of Section Forms but who fail to include *complete written information*, which clearly identifies the course or section in which they wish to enroll will forfeit the departmental approval to enroll which was obtained by having their name added to the course list. Consequently, such students must compete with all others who wish to add that course/section after instruction begins.

## E. COMPLETION OF ON-CAMPUS REGISTRATION DOCUMENT

The on-campus Registration Document is similar to the Registration-By-Mail document, except that it does not contain the advance enrollment schedule. If you did not complete a document and return it by mail, you must do so at on-campus registration. You must be sure to provide a local address to which your Post-Registration Statement of charges and financial aid can be sent, and you must sign the registration agreement. If you do not have a local address, you must mark the form to indicate that you will pick up your statement in person at the Post-Registration Service Center. You must turn in your Registration Document with other forms you have completed in the sectioning area prior to leaving the Armory.

Also included on the document is a registration agreement which you must sign; your signature constitutes agreement to pay all registration charges (or the first installment amount) by the due date shown on the document. Receipt of the signed document by the University before the end of on-campus registration enrolls you in the courses listed on your advance enrollment schedule or your on-campus Program Request Form, subject to the policy on course enrollment stated in the *Code on Campus Affairs and Regulations Applying to All Students*. Although you have not yet completed your registration by paying your tuition and fee charges, you will be entitled to the services and benefits available to fully registered students beginning with the first day of classes.

## F. OTHER ACTIVITIES AT ON-CAMPUS REGISTRATION

In addition to stations for Registration Document distribution, encumbrance payment, and encumbrance clearance, on-campus registration will have stations where you can obtain information about tuition and fee assessment and the award and application of financial aid to charges; change insurance coverage or purchase dependent insurance; obtain new or replacement ID cards; suppress the release of items of directory information; and register bicycles or motor vehicles.

## IV. TUITION AND FEE BILLING

Billing and payment of tuition, fee, housing, and other registration charges occur after the close of on-campus registration. If you returned a signed Registration Document, cleared any encumbrances pending, and remain in good academic standing, you will receive a Post-Registration Statement of charges during the first week of instruction. *If you have not received your statement by the end of the first week of instruction, you should go to the Post-Registration Service Center, described below, to obtain a duplicate copy. IT IS YOUR RESPONSIBILITY TO OBTAIN A STATEMENT. YOU ARE OBLIGATED TO PAY THE REGISTRATION CHARGES INDICATED ON THE STATEMENT BY THE DUE DATE REGARDLESS OF WHETHER OR NOT YOU RECEIVE A STATEMENT AT YOUR LOCAL ADDRESS.*

Your statement itemizes all registration charges, financial aid administered by the University, financial aid which is secured for you by the billing of charges to external

agencies (ISSC, VA, etc.), and any cash aid for which you are eligible. In addition, the installment payment plan, with due dates and finance charges, is described.

If your statement indicates that you are eligible for cash aid, you must bring your statement to the Post-Registration Service Center after January 23 to receive this aid.

A personalized ID card validation label is included on your statement. This label is nontransferable and should be placed on the back of your ID card.

## V. PAYMENT OF TUITION, FEES, AND HOUSING CHARGES

Amounts due for tuition, fees and other charges must be paid in full or by installment by the following dates.

- February 1 — Students who register by Friday, January 25
- February 4 — Students who register at the Post-Registration Service Center from Monday, January 28 to Friday, February 1, 12:00 noon
- Immediately — Students who register on or after Monday, February 4. Statements are not mailed to late registrants.

### PAYMENT OPTIONS

You may pay your tuition and fee charges in total or by installment. The payment policy is described in this *Timetable* and on the statement you will receive. The due dates for payments for both options are shown on the statement.

You may return your check or money order by U.S. mail or by depositing it in one of the special drop boxes at the following locations:

- Illinois Street Residence Hall — Illinois Street entrance
- Florida Avenue Residence Hall — main entrance to Trelease Hall
- Gregory Drive Snack Bar — south entrance
- Allen Hall — next to the mailboxes
- Administration Building — west entrance
- Engineering Hall — east entrance
- Main Library — central corridor
- Illini Union — southwest entrance

If you must make payment in cash bring it to the Post-Registration Service Center.

### IMPORTANT

If you have not made full or the first installment payment by February 1, you will not have completed your registration. Your name will be removed from class rosters, all student privileges will be withdrawn, and you will receive no academic credit for the semester. In addition, according to provisions in the registration agreement you signed, you will be responsible for paying a nonrefundable charge of one-half of the service fee, plus the insurance and health service fees or \$30, whichever is greater. Payment of this amount entitles you to insurance coverage and use of the McKinley Health Center and the intramural physical education facilities.

## VI. POST-REGISTRATION SERVICE CENTER

## VII. LATE REGISTRATION

Late registration will be conducted in the Post-Registration Service Center, Illini Union rooms B and C, from Monday, January 21, until noon Friday, February 1. Thereafter, it will be held at window 26, room 100 Administration Building.

### LOCATION OF LATE REGISTRATION MATERIALS

- All graduate students — office of the department of enrollment.

If you register after 5:00 p.m. Thursday, January 17, you will lose your advance enrollment schedule and will be assessed the late registration fine of \$15. The late registration fine may be waived upon petition in exceptional circumstances, such as serious illness or death in the immediate family, activities during the registration period which will benefit your academic program, or circumstances beyond your control. The petition form is available at the Post-Registration Service Center until noon Friday, February 1 and at window 26, 100 Administration Building thereafter. Undergraduate students may register after the fifth day of instruction only with written consent of their college dean.

If you late register during the first week of class you must pick up your Post-Registration Statement in person at the Post-Registration Service Center during the second week of class. Students who register between January 28 and February 1 must pick up their Post-Registration Statement in 100 Administration Building, window 26, on February 4, and return it with payment in person on that same day.

## GENERAL INFORMATION

### Student Regulations

University regulations applying to students at the Urbana-Champaign campus of the University of Illinois are published in the *Code on Campus Affairs and Regulations Applying to All Students*. Students are responsible for complying with the regulations of the University, their colleges, and the departments from which they take courses, and for fulfilling the requirements for a particular degree.

The *Code on Campus Affairs and Regulations Applying to All Students* is available at Room 177 Administration Building, Campus Student Assistance Center at 130 Student Services Building, ID station in the Armory (during on-campus registration), and the Post-Registration Service Center in the Illini Union, Room C.

### Residency Classification

The residency classification of students for admission and tuition assessment is determined on the basis of the information given on the admission application and other credentials. Students who desire to change their assigned residency status must submit a petition. The residency regulations and the petition form are available at 177 Administration Building. The petition for a change in residency classification for the spring semester must be submitted within twenty days after registration or the first day of instruction whichever is later or the student loses all rights to a change in status and/or adjustment of the tuition assessed for the semester.

### Course Enrollment

During advance enrollment and on-campus registration students may request enrollment in courses subject to conditions imposed by the colleges and academic departments.

Although the University attempts to honor student requests for specific courses and sections, advance enrollment scheduling is conducted in a way which will provide the greatest number of acceptable schedules for all advance enrolled students.

Course requests at advance enrollment and on-campus registration are accepted according to enrollment conditions imposed by the offering department. Colleges and departments reserve the right to impose enrollment prerequisites; to reassign students to other sections in a course; to withdraw students from certain courses or sections after advance enrollment and/or on-campus registration or to cancel course offerings or sections for legitimate educational reasons (e.g., whenever minimum enrollment standards have not been met).

Conditions for course enrollment and changes to them may be publicized in the *Timetable*, *Timetable Supplement* or other media available to the University, and at locations where students request sectioning approval from departmental representatives.

During on-campus registration, students who submit Program Request Forms, Change of Program Forms, and/or Change of Section Forms, but who fail to include complete written information which clearly identifies the course or section in which they wish to enroll, will forfeit the departmental approval to enroll which was obtained by having their name added to the course list. Consequently such students must compete with all others who wish to add that course section after instruction begins.

## **Number of Hours Required**

Each undergraduate student is required to pursue a normal program of studies. The number of hours varies with the college and curriculum. More or less than a normal program may be permitted only by authority of the dean of the college or designated representative.

For undergraduate, graduate, and professional students the minimum program required for receipt of maximum educational benefit payments under the Veteran's Readjustment Benefits Act of 1966 and receipt of social security benefits as a dependent is twelve hours or three units in a semester (six hours or one and one-half units in an eight-week summer session).

The minimum undergraduate program for Dean's List is fourteen hours.

## **Repeated Undergraduate Courses**

If a student is permitted by the dean of his or her college to repeat a subject for which the student has received credit either by classwork at the University or by advanced standing previously allowed for work done elsewhere, he or she forfeits the original credit. The original credit earned in a course is not forfeited by reregistration unless the student remains registered in the repeated course to the end of the semester, term, or summer session.

Failure to pass the repeated course does not restore the original credit, but both grades count in the graduation average if the course is one regularly acceptable toward the student's degree. If the course is again repeated, all grades received, passed or failed, are counted in the graduation average.

## **Students in Debt to the University — All Students**

A monetary penalty of \$5 is assessed students for each check they present to the University which is returned by the bank to the Office of Business Affairs for insufficient funds or other reasons. Additional penalties, including dismissal from the University, may be imposed on students who permit their University accounts to become delinquent or who issue checks which are returned to the University unpaid.

A student who is in debt to the University at the end of any academic term is not permitted to register in the University again and is not entitled to receive his or her diploma or an official statement or transcript of credits until the indebtedness has been paid or suitable arrangements for payment have been made.

## **Registration of Listeners or Visitors — All Students**

A "visitor" is only a listener in the classes attended and is not a participant in any part of the exercises. Visitors are not permitted in laboratory, military, physical education (other than theory), or studio classes. Students on "dropped" status are not eligible to visit classes.

Permission for enrolled students to attend a class as a listener or visitor is granted only by the instructor of the class and with the approval of the dean of the student's college. Written approval must be obtained on an official

Visitor's Permit available at college offices. Former students not currently registered must obtain the approval of the dean of the college in which they were last registered. Persons not previously registered obtain the approval of the dean of the college in which the course is offered. Nonacademic employees of the University also must secure the recommendation of the head of the department in which they work and approval of the Director of the Urbana-Champaign Personnel Services Office.

Registered students on a full fee schedule (Range I) and those who are exempt from tuition are not charged a fee for visiting classes. Persons who are not registered in University courses and students registered on campus on a partial program fee schedule (Range II, III, or IV), except those holding scholarships, tuition waivers, or staff appointments which exempt them from tuition for campus work, unless such scholarships are specifically limited by law to courses for residence credit only, are charged a fee of \$15 for each course attended on campus as a visitor only.

The visitor's fee is waived for persons sixty-five years of age or older. Proof of age must be presented at the Fee Assessment Office, 100 Administration Building, window 26.

## **The Credit-No Credit Grading Option**

The credit-no credit grading option at this campus is designed to encourage student exploration into areas of academic interest which they might otherwise avoid for fear of poor grades. All students considering this option are cautioned that many graduate and professional schools consider applicants whose transcripts bear a significant number of nongrade symbols less favorably than those whose transcripts contain none or very few. Likewise in computing a preadmission grade-point average some schools may convert the NC symbol to a failing grade since they do not know whether the actual grade was a D, E, or Ab.

## **ALL STUDENTS**

- Credit-no credit courses are not counted toward the grade-point average but are included as part of the total credit hours.
- Instructors are not informed of those students in their classes who are taking work under the credit-no credit option, and they report the usual letter grades at the end of the course. These grades are automatically converted to CR or NC.
- Grades of C or better are required in order to earn credit.
- Final grades of CR or NC (for credit or no credit) are recorded on the student's permanent academic record and subsequently will not be changed to letter grades.
- Correspondence course students may elect the credit-no credit option prior to completion of one-eighth of the lessons contained in the course; however, should they desire to return to a letter grade, an amended credit-no credit form must be filed prior to completion of one-half of the lessons.
- Courses taken under the credit-no credit option, either in residence or in correspondence, may be dropped only in accordance with the normal procedures for dropping courses.

## UNDERGRADUATE STUDENTS

- Any undergraduate student in good academic standing (not on probation) may elect the credit-no credit system. Students not in residence, but enrolling in correspondence courses, may elect the credit-no credit option provided they are in good academic standing.
- To elect the credit-no credit option, students must obtain the approval of their adviser or, in the case of a correspondence course, their adviser or college office.
- Students who go on probation after enrolling must change their program to eliminate the credit-no credit option.
- A maximum of eighteen semester hours earned under the credit-no credit option may be applied toward a degree at the Urbana-Champaign campus of the University. A correspondence course taken on a credit-no credit basis will be included in the eighteen semester hour maximum credit-no credit limit allowed. A full-time student may take a maximum of two courses each semester under the credit-no credit option. Part-time students may take one course each semester under this option. Summer session students may take one course under the credit-no credit option.
- Any lower or upper division course may be chosen under the credit-no credit option except courses used to satisfy the University's general education requirements, or in courses designated by name or area by the major department for satisfying the major or field of concentration, or those specifically required by name by the college for graduation.
- In cases of subsequent change of major or field of concentration, courses previously taken under the credit-no credit option in the new field may qualify for meeting major requirements.
- Undergraduate students must exercise the credit-no credit option for a course taken in residence only during registration, within the first eight weeks of instruction in a semester, during the first four weeks of an eight-week course taught in a fall or spring semester, or during registration or within the first four weeks of instruction during the summer session. Students may elect to return to the regular grade option by filing an amended request within the first eight weeks of instruction in a semester, within the first four weeks of instruction in an eight-week course taught during a semester, or within the first four weeks of instruction during the summer session. The credit-no credit option form must be properly approved and deposited in the college office.

Consult the fall semester calendar for the deadline dates.

## PROFESSIONAL STUDENTS

- Students in the Colleges of Law and Veterinary Medicine, under the credit-no credit option, may elect undergraduate courses not required as part of the professional curriculum.
- Professional students may elect the credit-no credit option only during advance enrollment, during on-campus registration, within the first eight weeks of a semester, within the first four weeks of an eight-week course taught in a fall or spring semester, or within the first four weeks during the summer session. Students may elect to return to the regular grade basis by filing

an amended request within the first eight weeks of instruction in a semester, within the first four weeks of instruction in an eight-week course taught during a semester, or within the first four weeks of instruction during the summer session. The credit-no credit option form must be properly approved and deposited in the college office.

## GRADUATE STUDENTS

Graduate students may elect the credit-no credit option only during advance enrollment, during on-campus registration, or through the last day allowed for dropping a course without academic penalty. Students may elect to return to the regular grade basis by filing an amended request by the deadline date for dropping a course without academic penalty as indicated in the Graduate College calendar. The credit-no credit option form must be properly approved and deposited in the college office.

## Identification Cards

New students are issued a plastic photo identification card which is validated for every subsequent term in which they register. This ID card must be retained by them while they are registered at the University. A validation label is included on the post-registration statement of all students and must be placed on the back of their ID card. The validation label is nontransferable and contains information about insurance and health services entitlement. The ID card is issued by the Office of Admissions and Records and remains the property of the University. Students who alter or intentionally mutilate a University ID card or who use the ID card of another, or allow their ID card to be used by another, may be subject to discipline.

A charge of \$6, payable at the ID Center, window 27, 100 Administration Building, is made for replacement of each lost, mutilated, or stolen student ID card. A charge of \$1 is made for the replacement of each lost, mutilated, or stolen ID validation label.

An identification card for student spouses may be obtained without cost at the ID Center.

## Falsification of University Documents

Any student who, for purposes of fraud or misrepresentation, falsifies, forges, defaces, alters, or mutilates in any manner any official University document or representation thereof may be subject to discipline. Some examples of official documents are identification cards, program cards, change slips, receipts, transcripts of credits, library documents, etc.

Any student who knowingly withholds information or gives false information on an application for admission or readmission may become ineligible for admission to the University or may be subject to discipline.

## Living Quarters of Students

Each registered student is responsible for maintaining in the Office of Admissions and Records the current addresses of his or her local residence and permanent home (or permanent mailing address) and the address of his or her parent(s), guardian, or spouse. All changes must be reported immediately to 69 Administration Building (west basement).

## **Withdrawal from the University**

Students who leave the University during any semester, term, or summer session must officially withdraw from the University by filing a clearance paper. Otherwise the courses they are pursuing will appear on their record as Ab (absent — counts as failure).

Upon notification that the University discipline system has initiated action against a student, that student may not officially withdraw until the hearing of the case has been conducted by the appropriate disciplinary committee. Students begin the clearance procedure at their college office.

## **Withdrawal of Undergraduate Students within the Last Three Weeks of a Semester and Students Whose Status Cannot Be Determined**

Undergraduate students who withdraw from the University within the last three weeks of instruction in a semester or those whose status cannot be determined because of excused grades, may register again only on petition approved by the dean of their college. (See Academic Calendar for date.)

## **Transcripts of Courses and Grades**

Students who have paid their University fees and charges are entitled to receive upon written request and without charge one transcript of their academic record. Students who graduate or withdraw from the University and have outstanding loans will not be issued a transcript until they have completed an exit interview with the Office of Business Affairs. Every transcript includes the student's entire academic record to date and current academic status. Partial transcripts are not issued. For each additional transcript a fee of \$1 is charged. Reimbursement should be by check or money order made payable to the University of Illinois and should be submitted with the request for transcripts. Transcripts may be ordered at 69 Administration Building (west basement).

Transcripts issued at the request of students for whom possible disciplinary action is pending are followed by a corrected transcript issued without charge to the original recipient showing the final status in the event that the student involved is subsequently placed on disciplinary probation, is deferred readmission to the University of Illinois until the student appears before the appropriate hearing body, or is dismissed from the University as a result of the pending action.

Under ordinary circumstances, transcripts will not be released during the period of final examinations and two weeks thereafter in order to allow for the recording of final grades for the term.

## **Student Records Policy**

It is University policy to fully comply with the Family Educational Rights and Privacy Act of 1974 as amended. Guidelines and regulations for discharge of the University's obligation under this Act are contained in the *Code on Campus Affairs and Regulations Applying to All Students* which is available to students during on-campus regis-

tration in the Armory and at 177 Administration Building (west basement).

Under these guidelines:

- Students have the right to inspect their education record.
- The University may release without the student's consent information which appears in student directories and publications which are available to the public except when requested by a student to suppress this information through the fifth day of classes of the following semester. Forms for suppressing this information are available at the Information Desk in the Armory during on-campus registration and at the Post-Registration Service Center in the Illini Union. They must be completed at registration or within the first five days of class in a semester.
- Certain student records may be released only with the prior consent of the student.
- Certain student records can be released with or without the student's consent.
- Under certain conditions, parents may be granted access to a student's record with or without the student's consent.
- Procedures exist for students to challenge the contents of their education record.

## **Campus Locations of Student/Consumer Information**

The University of Illinois at Urbana-Champaign has student/consumer information available at the following campus locations.

- Financial aid — Office of Student Financial Aids, 420 Student Services Building, 333-0100

## **TUITION AND FEES**

The tuition and fees for the 1980 spring semester given below are those authorized at the time this *Timetable* was published, but students should be aware that tuition and fees may be changed without notice. They are assessed students registered on campus on the basis of a student's college of enrollment (undergraduate, graduate, or professional); residence classification (Illinois or non-Illinois resident), and credit range, which is determined by the number of semester hours and/or graduate units for which a student is registered. Credit for undergraduate course work is counted in semester hours; credit for graduate course work is counted in units. For tuition and fee assessment purposes, 1 graduate unit is equivalent to 4 semester hours. Complete information about tuition and fees, including fees for flight instruction and special programs; waivers and exemptions; and refunds is available at the Fee Assessment Office, window 26, 100 Administration Building, Telephone (217) 333-4381.

<sup>2</sup> The hospital-medical-surgical insurance fee is used to pay the premium for group health insurance which provides worldwide coverage and permits the student to have a free choice of any legally qualified hospital or licensed physician (McKinley

Health Services excepted). A brochure explaining the University group insurance program is available from the Insurance Office, window 21, 100 Administration Building.

<sup>3</sup> The McKinley Health Center on campus provides medical services without cost to the student and is not reimbursed for them by any insurance program.

## Installment Plan for Paying Tuition, Fees, and Housing Charges

An installment plan for the payment of tuition and fees, single student residence hall charges, and flight instruction fees is available to students enrolled on campus. The installment plan does not apply to registration in extramural, correspondence, and intersession courses, or to specific students for whom this privilege has been denied.

The installment plan for the payment of tuition and fees, residence hall charges (single student housing only), and flight instruction fees requires that charges for each semester be collected in three installments, the first payable during the first ten days of instruction and the remaining installments payable in each of the two following months.

Students electing the installment plan for the payment of tuition and fees, flight instruction fees, and/or residence hall charges are assessed a finance charge of 1 percent of the amount deferred or a minimum charge of two dollars, whichever is greater.

Students who have been permitted to pay their tuition and fee charges on the installment basis and later withdraw from the University or reduce their registration to a lower credit range after the established refund deadline date for an academic term are liable for the full amount of tuition and fees assessed.

An installment payment of tuition and fees, residence hall charges, and/or flight instruction fees, and other charges to a student account are delinquent on the first day of the month following the date that payment is due.

## Delinquent Student Accounts

A delinquent service charge of one percent per month or a minimum monthly charge of one dollar, whichever is greater, is added to delinquent student accounts. The delinquent service charge is applied to all items charged to the student account and for which payment is delinquent.

## SEAL Fund (Students for Equal Access to Learning)

Students registered on campus pay a \$2 fee during each semester to supplement existing financial aid for needy students. A refund is available at the Office of Business Affairs, 100 Administration Building, to those students who do not desire to participate, beginning February 18 and ending February 29, 1980.

## Student Organization Resource Fee (SORF)

Students registered on campus pay a \$3 fee during each registration to support the Student Legal Service and to help fund programs and/or services of registered organizations. A refund is available at the Office of Business Affairs, 100 Administration Building, to those students who do not desire to participate, beginning March 3 and ending March 14, 1980.

## Refunds

### CANCELLATION OF REGISTRATION

Students who sign and return a Registration Agreement and later decide not to attend the University may cancel the agreement up to 5 p.m. on the first day of classes.

To cancel a registration agreement students must send a request for cancellation to the Office of Admissions and Records, 10 Administration Building. If the request is received in the Director's Office by 5 p.m. January 17, 1980 — the last day of on-campus registration — the student's registration agreement will be cancelled and the student will not be charged tuition and fees.

Students who have not attended any classes nor received any related student services may cancel their registration agreement up to 5 p.m. on the first day of classes in an academic term if they obtain the approval of their college dean or designated representative. Normal clearance procedures must be followed. To be relieved of the obligation to pay appropriate tuition and fees, students who cancel their registration agreement must surrender their permanent ID card and/or the individualized validation label which will accompany their statement of tuition and fees. These items must be returned immediately upon receipt of the statement to the fee assessor at window 26, 100 Administration Building, or by mail addressed to the Office of Admissions and Records, Fee Assessor, 10 Administration Building.

Once students have attended a class, they may not cancel their registration agreement. If they leave the University, they must officially withdraw from the University. Refunds for students who withdraw from the University are described below.

## WITHDRAWAL FROM THE UNIVERSITY

A student who has been charged tuition and/or fees for any academic term and later withdraws from the University for reasons other than active military service or other approved national defense service, during the first ten days of instruction in a semester, shall be assessed a nonrefundable charge in the amount of one-half of the service fee plus the hospital-medical-surgical insurance fee and the McKinley health service fee (rounded if necessary to the next higher even dollar) or \$30, whichever is greater. The student who withdraws continues to be covered by health insurance and is eligible to receive McKinley health services, if fees for insurance and health services were paid, until the first day of on-campus registration for the next term. For students who have not paid these fees, the nonrefundable charge shall be reduced by the amount of the appropriate fee(s).

Refund deadline date is February 1 for the 1980 spring semester.<sup>1</sup> Thereafter no refund is allowed. Special refunds are authorized to students who withdraw to enter active duty in the armed forces or other approved national defense service.

## REDUCTION OF PROGRAM

Students who have paid tuition and/or fees and who reduce their registration to a lower fee assessment range receive a refund of the full amount of the difference in tuition and fees specified for such schedules provided the change is made during the period designated above for refund of tuition and fees in case of withdrawal from the University. Refund deadline date is February 1.<sup>1</sup> Thereafter no refund is allowed.

## INCOMPLETE REGISTRATION

A Post-Registration Statement of tuition, fees, and other charges will be mailed on the first day of instruction to students who signed and submitted a Registration Agreement by the close of on-campus registration. A student's registration is not complete until the Office of Business

Affairs has received the Post-Registration Statement with the appropriate payment by the due date indicated on that statement.

Students who fail to complete their registration must pay the nonrefundable charge in the amount of one-half of the service fee plus the hospital-medical-surgical insurance fee and the McKinley health service fee or \$30, whichever is greater.

## VISITORS

Persons registered as visitors who desire to withdraw receive a full refund of the visitor's fee, if originally charged, provided they make a personal request for a refund at the Office of Admissions and Records during the first ten days of instruction in a semester. Refund deadline date is February 1 for the 1980 spring semester.<sup>1</sup> Thereafter no refund is made.

## FLIGHT TRAINING

A student who withdraws from a flight-training course during the first ten days of instruction in a semester receives a refund of a full flight-training fee. Refund deadline date is February 1 for the 1980 spring semester.<sup>1</sup> Thereafter no refund is made.

## Tuition and Fee Exemptions

Appearing below are some of the generally applicable tuition and fee waivers; a full description of all tuition and fee charges with authorized exemptions and waivers is provided in the *Undergraduate Programs* catalog. Tuition and fee waivers are not granted for the Executive M.B.A. Program. Students are urged to consult the Fee Assessment Office, 100 Administration Building, window 26, if they feel they qualify for any of these waivers.

## WAIVER OF TUITION

Tuition is waived for:

1. All academic employees of the University or allied agencies on appointment for at least 25 percent but not more than 67 percent of full-time services provided the appointments require service for not less than three-fourths of term. A term is defined as running from the first day of registration through the last day of final examinations. Three-fourths of a term is defined as ninety-one days in a semester and forty-one days during the eight-week summer session. This waiver covers graduate teaching and research assistants. Caution: Academic appointments are cumulative. For example, if a person holds two appointments, a 25 percent and 50 percent appointment, he or she is ineligible for a tuition waiver.
2. Full-time academic/professional staff of the University of Illinois who enroll in course work related to their career development within the University. A waiver may be granted for course work to a maximum of 8 hours or 2 units of credit or two courses.
3. University academic employees registered at the request of their departments in zero-credit courses especially established to improve the work of the employee.
4. Academic staff members emeriti.
5. Holders of tuition waiver scholarships.
6. Holders of graduate tuition and fee waivers awarded by the Graduate College.

<sup>1</sup> In cases of extenuating circumstances, such as medically documented serious illness or injury, exceptions to the refund policy may be made by the Director of Admissions and Records. Petition forms are available at the Records Office, 69 Administration Building (west basement).

7. Holders of grants or contracts from outside sponsors which provide payments to cover the total cost of instruction.
8. Cooperating teachers and administrators who receive an assignment of practice teachers or who receive assignment of students meeting the clinical experience requirement in teacher education curricula, or who cooperate in research projects related to teacher education are exempted for one semester, quarter, or summer session for each semester, quarter, or summer session of service rendered. The exemption shall apply to the semester, quarter, or summer session of registration as designated by the student which is concurrent with, or following, the term of service, but must be applied no later than one calendar year from the beginning of the term of service. Concurrent registration on more than one campus of the University or in University extramural courses constitutes one semester, quarter, or session of eligibility for exemption. A similar waiver is authorized for cooperating librarians, school-nurse teachers, social welfare field supervisors, recreation field supervisors, health and education field supervisors, and physicians who participate without salary in the instructional program of the School of Basic Medical Sciences.
9. Nonacademic employees of the University in status appointments or in appointments designed to qualify for status in an established class (e.g., trainee, intern) for at least 50 percent of full-time services who register in regular University courses for not to exceed:

Six credit hours or two courses in a semester or quarter if on full-time appointment,

Four credit hours if on a 75 percent to 99 percent time appointment, or

Three credit hours if on a 50 percent to 74 percent time appointment, provided that they (1) meet conditions and eligibility for admission as prescribed by the Office of Admissions and Records, (2) are not students as defined in Civil Service Rule 7.7c, and (3) have approval by their employing departments of enrollment and of a makeup schedule to cover any time in course attendance during their regular work schedule.

The waiver of tuition also applies to any additional hours of registration by employees which keep them within the same fee assessment credit range. Employees whose total registration is in a higher range than that authorized by their tuition waiver pay only the difference between the waiver authorization and the higher range in which their total registration places them.

10. Nonacademic employees in a status, learner, trainee, apprentice, or provisional appointment may enroll without payment of tuition in regular courses directly related to their University employment for not to exceed 10 credit hours per semester provided they have made application and received prior approval for enrollment as required by procedures issued by the director of nonacademic personnel and set forth in *Policy and Rules — Nonacademic*.

## WAIVER OF THE NONRESIDENT PORTION OF TUITION

Nonresident portion of tuition (if subject to payment of tuition) is waived for:

1. All staff members (academic, administrative, or permanent nonacademic) on appointment for at least 25 percent of full-time services with the University or allied agencies, provided the appointment requires service for not less than three-fourths of the term.
2. The faculties of state-supported institutions of higher education in Illinois holding appointments of at least one-quarter time, provided the appointment requires service for not less than three-fourths of the term.
3. The teaching and professional staff in the private and public elementary and secondary schools in Illinois, such as counselors, school psychologists, school social workers, librarians, and administrators who hold such an appointment at least one-quarter time, and for not less than three-fourths of the term.
4. The spouses and dependent children of all staff members (academic, administrative, or nonacademic) on appointment with the University or allied agencies for at least 25 percent full-time service, and of those listed in the second item above. (Dependent children are those who qualify as dependents for federal income tax purposes.)
5. The spouses and dependent children of fellows and trainees who are employed as teaching assistants to the fullest extent permitted by their fellowship appointment.
6. Persons actively serving in one of the armed forces of the United States who are stationed and present in the state of Illinois in connection with that service and their spouses and dependent children, as long as the military person remains stationed, present, and living in this state.

## SERVICE FEE WAIVERS

The service fee is waived for:

1. All academic staff members of the University or allied agencies on appointment for at least 25 percent of full-time services, provided the appointments require service for not less than three-fourths of the term. This includes graduate teaching and research assistants.
2. Holders of graduate tuition and fee waivers awarded by the Graduate College.
3. Students registered in absentia.
4. Students registered in approved off-campus courses.
5. Holders of grants or contracts from outside sponsors which provide payments to cover the total cost of instruction if this fee is charged to the contract or grant funds.
6. Cooperating teachers and administrators. (See Waiver of Tuition above.)
7. University academic employees registered at the request of their departments in zero-credit courses especially established to improve the work of the employee.
8. Academic staff members emeriti.
9. Nonacademic employees of the University exempted from tuition as specified in the last two categories under Waiver of Tuition section above.

## McKINLEY HEALTH SERVICE, AND STUDENT INSURANCE FEE

Students totally exempt from payment of the Student Insurance Fee and the McKinley Health Service Fee, and therefore not eligible for these benefits and services are:

1. Persons registered for doctoral thesis research in absentia.
2. Persons registered in off-campus courses for 0 credit.
3. University employees registered at the request of their department in 0 credit courses especially established to improve the work of the employee.
4. Staff members who are registered as students and who are eligible for the mandatory State of Illinois Employees Insurance Program.

Students registered on the Urbana-Champaign campus for courses which are taught entirely off campus during a given term are required to pay the \$19 insurance fee but not the \$40 McKinley Health Service Fee.

## STUDENT HEALTH INSURANCE

All students are assessed a \$19 insurance fee to cover the cost of the University Student Comprehensive Health Insurance Program. This fee may be waived if the student presents evidence of equivalent insurance coverage along with a petition for exemption from the insurance fee.

Evidence of equivalent insurance may be established by the student's insurance policy or an identification card with a brochure to outline the benefits of the program. Military personnel and their dependents need only show their military identification cards. Letters from employers, insurance companies, or agents will be accepted provided they are on company letterhead stationery and are signed by a company official giving the name of the insurance company and defining the scope of the insurance coverage of the student.

To qualify for the exemption, a student must present satisfactory evidence of insurance and an exemption petition at:

- Station 7, at the Armory during on-campus registration.
- The Insurance Station at the Post-Registration Service Center in the Illini Union Building.
- The Student Insurance Office, window 21, room 100, Administration Building.

Requests for exemption **MUST** be made within the first ten days of instruction during a semester.

Once waived, the exemption will be continuous and it is the student's responsibility to request reinstatement in the Student Health Insurance Program.

## SUMMER SESSION TUITION AND SERVICE FEE WAIVERS

Students holding summer session appointments as fellows or as employees must pay the tuition and fees required by their appointments.

Students holding appointments to the close of the spring semester of an academic year either as employees or fellows, and for whom tuition and/or the service fees have been provided through waiver or through cash payment by an outside agency, are entitled to a waiver of the same kind of tuition and fees for the summer session or summer term immediately following, provided they hold no appointments during that summer session.

# NONCOMBINED FINAL EXAMINATION SCHEDULE

## Spring Semester 1980

Saturday, May 10 through Saturday, May 17, 1980.

**Note:** This schedule does not apply to courses in the Colleges of Law and Veterinary Medicine or to combined-sections examinations. These schedules will be announced later.

## REQUIREMENT

Final examinations will be given during the scheduled final examination period for each course, except in a course which has a character that renders a final examination unnecessary or impracticable. The head or chairperson

of the academic department in which the course is offered determines when a final examination is not required.

## TIME OF EXAMINATIONS

Instructors must give final examinations at the time specified in the enclosed schedule unless a change is approved *in advance* by the Vice-Chancellor for Academic Affairs. Requests for change must be submitted through the executive officer of the department or school (if applicable) in which the course is offered and the dean of the appropriate college. Instructors who are scheduled to give the final examination to approximately forty or more students on the last day of the final examination period may have special problems in meeting the deadline for the submission of grades and may wish to request a change. Requests for early examinations should be made only in cases of legitimate need and not just for the convenience of students and instructors.

Requests for changes in the examination schedule will not be considered for approval unless the instructor (a) has polled the class to determine that an alternative date is desired by a majority of the class members, (b) also offers the final at the regularly scheduled time if there are those who do not choose to take it at the alternate time, and (c) has contacted the Office of Space Utilization and has an assurance that space is available in which to give the examination at an alternate time, if approved. The Office of Space Utilization will not confirm space availability for early examinations until the twelfth week of the semester.

No semester final examination should be given during a "regular" class period unless this is deemed necessary by virtue of the course or the examination (e.g., a laboratory "practical" examination as one part of a final examination).

## NOTE:

**Undergraduate Students:** Only the dean of the student's college may approve temporary postponement of the final examination in individual cases of undergraduate students.

**Graduate Students:** The student's instructor is authorized to approve requests for postponement of the final examination in individual cases of graduate students.

## TAKE-HOME EXAMINATIONS

If take-home final examinations are assigned, they are to be submitted at the time and date of the regularly scheduled final examination. If instructors wish to depart from this practice, they must follow the procedure for changing the final examination schedule as outlined in the preceding item.

## LENGTH OF EXAMINATIONS

Attention is called to the action of the University Senate providing that the maximum limit for undergraduate examinations shall be three hours, except by special arrangement in individual cases approved by the dean of the college concerned. At the discretion of the department, a shorter examination may be given.

## PLACE OF EXAMINATIONS

Examinations will be held in the room where the course meets for the first contact hour of the week except for combined examinations, examinations for courses in which the instructor has requested additional space for the examination, or specially scheduled examinations. Instructors will announce any special room assignments.

## CONFLICTS

Noncombined examinations always have precedence over combined examinations, and departments giving combined-sections examinations must provide "conflict examinations" if required. Two examinations in sequence are not considered "conflicts."

In cases of students having two evening examinations scheduled at the same time, the examination for classes meeting at 7 a.m., 12 noon, 4 p.m., 5 p.m., 6 p.m., 7 p.m. and 8 p.m. shall have priority in that order. Instructors must provide examinations for students with conflicts.

## STUDENTS HAVING MORE THAN TWO EXAMINATIONS IN ANY TWENTY-FOUR HOUR PERIOD

No student should be required to take more than two examinations which begin in any twenty-four hour period. Any student having more than two examinations scheduled in any twenty-four hour period is entitled to rescheduling as follows: The student must investigate whether a conflict examination is being held at another time for any of the

examinations involved. If a conflict examination has been scheduled for any of the courses, the student must take one or more of these conflict examinations. If no conflict examinations have been scheduled, the student should contact the instructor of the course having the largest number of students. That instructor must provide the make-up examination.

## DISCIPLINE FOR ACADEMIC IRREGULARITIES

Cases of academic irregularity (cheating) shall be handled by the respective schools and colleges, except that cases recommended for suspension or dismissal from the University shall be referred to the Subcommittee on Undergraduate Student Conduct. For details of procedure, consult the *Code on Campus Affairs and Regulations Applying to All Students*.

## SUPERVISION OF EXAMINATIONS

Instructors must supervise all examinations and are responsible for seeing that there is no communication of any sort during the examination except with the instructor.

\* This examination period will be used exclusively for combined examinations.

THE FINAL EXAMINATION FOR A COURSE IS SCHEDULED ACCORDING TO THE FULL OR HALF/HOUR ON MONDAY OR TUESDAY ON WHICH THE CLASS FIRST MEETS DURING THE SEMESTER. For example, if a course meets at 10 a.m. on MWF, the examination must be given from 8 to 11 a.m. on Saturday, May 10. The final examination for a course meeting regularly on Tuesday from 3:30 to 5:30 p.m. must be given from 1:30 to 4:30 p.m. on Tuesday, May 13.

In courses having a combination of lecture and discussion and/or laboratory periods, the first lecture hour of the week is considered the first contact of the week.

For courses not provided for in the examination schedule (those meeting for the first time on Wednesday or later), examinations are to be given within the established examination schedule at the discretion of the instructor and at a time to avoid conflicts. A conflict examination must be given if necessary. The instructor must call the department office to schedule the room for the examination.

For 300- and 400-numbered education courses meeting only once a week, the final examination will be scheduled at the same time, in the same room, and on the same weekday scheduled for the regular meeting of the course throughout the semester. The instructor for the course must call the College of Education to confirm the room for the examination.

## LISTING OF COURSES

The following *Timetable* of courses offered by the University is subject to whatever changes may prove necessary at registration time. Notices of all changes in time or place of meeting of classes will be supplied to advisers for checking program cards during registration.

### Arrangement

The arrangement of subjects in this *Timetable* is alphabetical. The courses offered in each subject are listed numerically with headings to indicate the students for whom they are designed. Courses for undergraduates (designed for freshmen and sophomores) are numbered 100 to 199; for advanced undergraduates (designed for juniors and seniors), 200 to 299; for advanced undergraduates and graduates (junior, senior, or graduate standing required), 300 to 399; for graduates, 400 and above. Following the title of each course is a statement of the requirements, if any, for admission to the course.

### Classification of Students

Classification of undergraduate students for registration purposes is based on the following scale, including physical education and military credit: freshman standing, 0 to 29

hours; sophomore standing, 30 to 59 hours; junior standing, 60 to 89 hours; senior standing, 90 or more hours.

### Class Periods

Class periods for each course are indicated by numerals for the hours of the day and by letters for the days of the week. For example, "8-10 MWF" indicates that the class period begins at 8:00 a.m. and continues for two hours on Monday, Wednesday, and Friday; while "11 TTS" means that the class period begins at 11:00 a.m. and continues for fifty minutes on Tuesday, Thursday, and Saturday. Any class beginning after 6:00 p.m. is indicated by the letters PM. For example, "730-930PM" indicates that the class period begins at 7:30 p.m. and continues to 9:30 p.m. The place of meeting of each class is shown by the number of the room and the name of the building.

### Credit

Credit for undergraduate students is counted in semester hours. An hour is one class period a week for one semester or the equivalent in laboratory or field work or approved independent study. The number of hours for which each course counts is shown under each course.

Credit for graduate students is counted in units. A unit course requires ten hours of time each week through the semester, irrespective of the distribution of that time in classwork, laboratory or field work, and private study. Four such courses or their equivalent constitute a student's normal program for one semester. The unit values of graduate courses are indicated under each of these courses. No course may be taken for graduate credit unless it is so designated in this *Timetable* of courses offered. In general, 1 graduate unit is the equivalent of 4 semester hours of undergraduate credit.

Some courses have variable credit, such as 3 to 5 hours or  $\frac{1}{2}$  to 2 units, and in registering for a course with variable credit each student puts on his or her Program Request the number of hours or units for which he or she intends to take the course.

A course may not be taken for zero credit unless such credit is specifically authorized in the *Timetable*.

Approval of the Graduate College must be obtained for the registration of undergraduate students in 400-level courses for either semester hour or unit credit, or in 300-level courses for unit credit.
